IMPORTANT INFORMATION: The instructions for care and cleaning are only indicative.

OUT OBJEKTE UNSERER TAGE disclaims any liability in relation to the use of the following care and cleaning instructions. Any use is at all times at the customer's own responsibility.

GENERAL NOTES

OUT OBJEKTE UNSERER TAGE uses high-quality marble from Greece. The surface is ground with great care and then impregnated to protect the natural stone.

CARE & CLEANING

Do not place any sharp objects directly on the marble slab to avoid scratches. Liquids should be removed immediately with a clean, dry or damp cloth. This also applies to other organic substances with strong colouring pigments (e.g. coffee powder). Clean the marble with a soft, dry cloth. Alternatively, a soft cloth and some warm water, if necessary with the addition of a mild detergent, can be used. Dry immediately with a clean, soft cloth. Do not use acidic chemicals, natural acids or strong alkalis for cleaning, as these can lead to corrosion.
