## AC2 CHAIR – CLASSIC AND FUNCTIONAL

The AC2 chair is yet another impressive design classic from byKATO. The chair features a minimalist and honest design with fine details and clean lines that exude style and elegance. The AC2 chair offers a wide range of options to add a look that harmonizes with various modern home interiors and professional environments.

The AC2 chair is available with a veneer seat in selected colors, as well as with an upholstered leather seat, with or without an upholstered backrest. There is also the option of a fabric-upholstered seat, with a wealth of colors and materials to choose from. The upholstered fabric seat provides high seating comfort, while the choice of texture and color adds personality to the chair's expression.

The chair's legs can be fitted with anti-slip and noise absorbing pads which help finish the chair in a rounded, light and floating way.

The AC2 chair is a versatile solution that fits into both private and professional settings, making it suitable as a dining chair, or for meeting rooms and cafeterias.
