

by Space Copenhagen

The Mater Trumpet Coat Stand is a contemporary and sculptural piece of design made by the Danish architect duo Space Copenhagen. The nine discs in three different sizes are fitted to the stand and positioned at angles suitable for hanging hats, scarves and umbrellas.

Handmade by skilled artisans this Trumpet Coat Stand interacts with a traditional sand casting mastered in generations in Moradabad, Northern India, honouring the UN Sustainable Development Goals of supporting “*Decent Work and Economic growth*” (SDGs 8), “*Responsible Consumption and Production*” (SDGs 12) and “*Partnership for the Goals*” (SDGs 17) by providing programs that can vitalize local craftsmanship — allowing artisans to reach their maximum potential and paying them better wages while simultaneously serving economic and social goals. Trumpet is flat-packed for ease of labour and transportation.

Item no.
00225 Polished
00226 Black powder coat

Material
Partly recycled aluminum
(70 % derived from scrap)

Finish
Polished or Black powder coat

Origin
India

Dimensions
Ø 64 cm H 200 cm
