

DESIGN BY ANA KRAŠ

HAY

AVA LAMP COLLECTION

HIGHLIGHTS

- A bold, graphic reinterpretation of a classic lamp design - available as pendant, table and wall variants
- The shades are crafted from ECOPET™ plastic with high-contrast black fabric piping
- Effortlessly blends into most interiors, enhancing any space
- Designed for use with a replaceable standard retro fit LED dimmable bulb
- The pendant and table lamp both use the Common Cord Sets (black) for power and light, which are included with the lamps
- Suitable for both private and office environments

AVA LAMP COLLECTION

DESIGN BY ANA KRAŠ

Designed for HAY by Ana Kraš, the Ava Lamp collection combines an archetypal lamp shape with a bold, graphic design, creating a contemporary take on a classic lamp. Crafted from ECOPE™ derived from recycled PET plastic, the semi-translucent shade has a paper-like quality that is offset by the contrasting fabric piping. Available in pendant, table, and wall lamp variants, Ava's simple yet striking visual presence and soft, ambient glow allow it to integrate seamlessly into numerous home spaces – as a table lamp on shelves and windowsills, a pendant suspended from the ceiling, or as wall-mounted lighting. The pendant and table lamp models are accompanied by HAY's Common Cord Set.

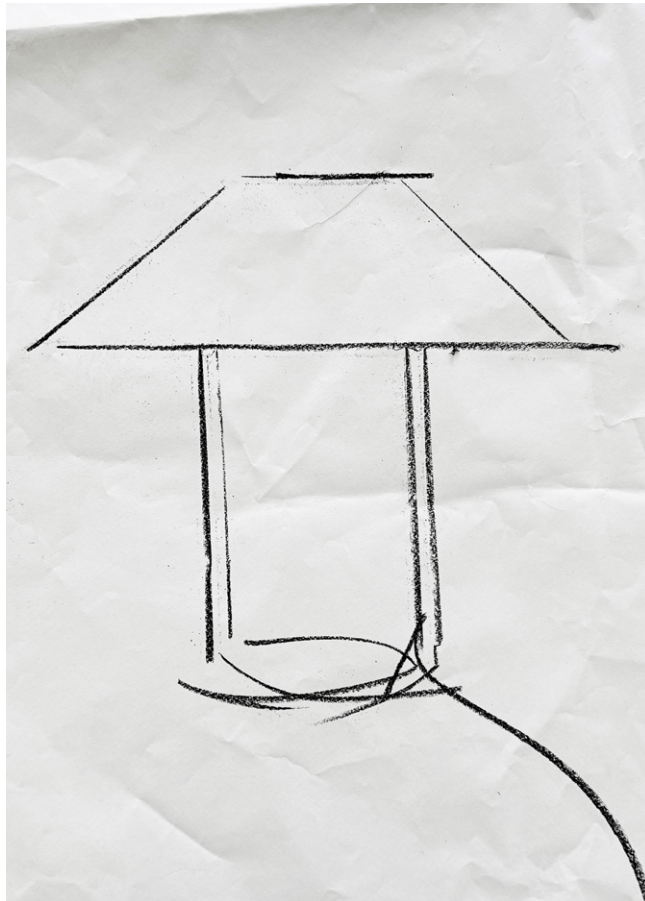

Known for her distinctive work across object design, art, photography, and fashion, Serbian designer Ana Kraš studied furniture design and interior architecture in Belgrade, and currently divides her time between Paris and New York. Her creations have been exhibited internationally and featured in numerous global publications. For HAY, Ana has designed the Bonbon Lamp Shade, Perla Phone Holder, the Ram Series of home textiles and the Ava Lamp Collection.

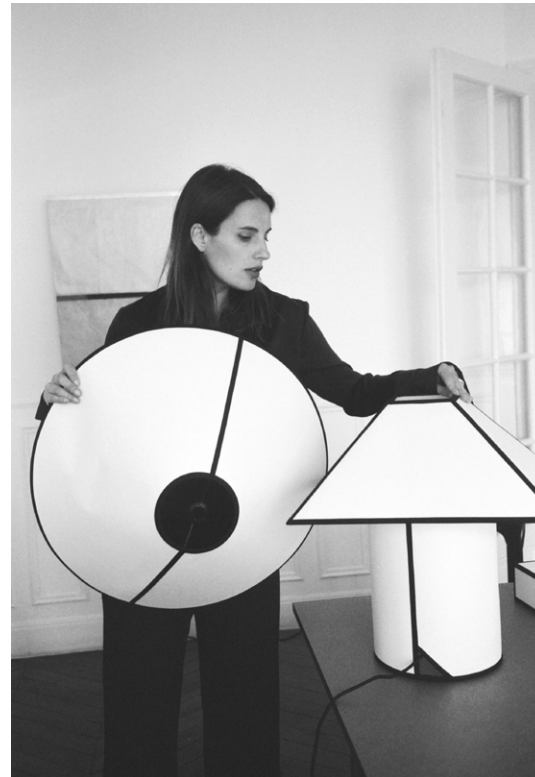

Ana Kraš

Ava Lamp Collection

Ava Lamp is the result of an impromptu design made from wire, paper, and textile tape after Ana moved into a new apartment in Paris in 2021.

What began as a spontaneous idea has evolved into a refined collection of table, wall, and pendant lights.

Technical Specification

RECOMMENDED LIGHT SOURCE
LED E27 (E26), 10-15W (max. 15W), 1000-1500lm, 2700-3000K warm white
Bulb not included. HAY recommends using a frosted light source

DIMMABLE
No

POWER SUPPLY
220-240V AC at 50/60Hz

IP
20

CORD LENGTH
240 cm

SWITCH
Inline switch

Test Specification Outputs

Photometrics and the test specification shown is taken using the recommended LED bulb fitted in the production luminaire

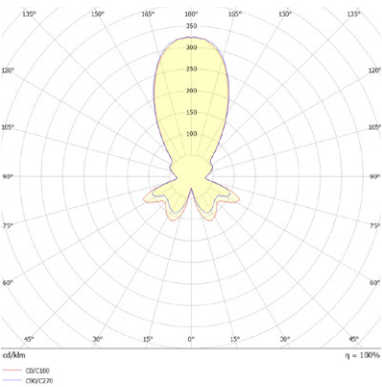

LUMEN (LM)
1000-1500lm

KELVIN (CCT)
2700-3000K warm white

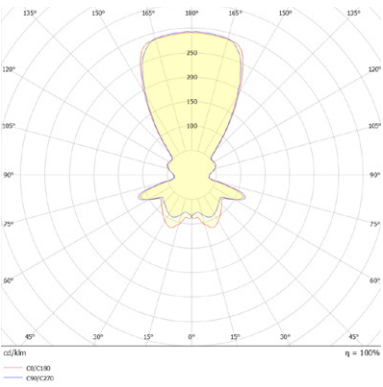

CRI (1-100)
80
